

Daintree

EVERYTHING YOU
NEED FOR SERIOUS
OFF ROADING

All the essential off-road boxes ticked, yet still light to tow!

The Daintree features the same rigorously-tested suspension system that we use on Cub's top-of-the-range off-road models, but without the weight. Independent suspension ensures a smooth ride, even over rough terrain, which means that with most SUVs and 4WDs, you'll barely notice the difference in handling.

There are plenty of in-built premium features as standard, including a large fridge box (to suit an 85L Evakool), and 100 amp hour battery pack. In 2017 there is an additional gas bottle and jerry can holder, refined electrics and an upgraded kitchen.
