

Kakadu

FOR EXTREME OFF-ROAD
GLAMPING

Whether heading cross country or up the coast, you'll do it in style in a Kakadu.

When you combine 50 years expertise, hard work and innovation in an all Australian-made camper trailer, you get the Kakadu. This is as good as it gets.

The deep-sided design offers a caravan feel, with an enormous living space. The towing length is still only 6 metres, giving you more control even in the most remote parts of the country. The 2017 model comes with an all-new colour scheme and loads of premium features as standard. Features include a pocket spring mattress with queen or twin bed option, a Smev 3-burner stainless steel stove, 75 litre Evakool fridge in fridge box on drawbar – and that's just a start!
